DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1 and 15 are allowed because the prior art of record does not show or suggest a position measuring system for an elevator installation for determining a position of an elevator car movable along at least one guide rail, wherein "n" successive code marks of a code mark pattern form a code word, a plurality of different ones of said code words are unambiguously arranged in an n-digit pseudo random sequence, said code words for a single-track of said code mark pattern and that each said code word represents an absolute car position, in combination with the remaining limitation in the claims.

Claims 2-14 and 16 are allowed due to their dependency on claims 1 and 15, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2859
